# How we can help

**The UK's commitment to support global investment is unparalleled.**

**Our international network provides a global reach in 170 countries. Staff work to ensure global businesses can invest successfully in the UK.**

## **How to expand to the UK**

Every year the UK government helps thousands of businesses expand to the UK. Therefore, we can answer common questions on visas, tax breaks and hiring skilled workers.

We've prepared guides to help you understand how to expand to the UK. Contact us for any further questions.

## **Establish a UK business base**

The UK has a straightforward planning process, and incentives to help businesses set up and expand.

## **Get support to move your tech business to the UK**

The UK government's Global Entrepreneur Programme (GEP) helps high-growth overseas companies relocate to the UK.

## **Register a company in the UK**

Setting up or expanding your business in the UK is straightforward. You can choose how your company operates.

## **Open a UK business bank account**

This will allow your business to make and receive payments in the UK without incurring foreign exchange fees.

## **Access finance in the UK**

Whatever your company's size, the UK offers a range of financing options for your business.

## **Research and development (R&D) support in the UK**

Benefit from the UK's commitment to world-leading research and development.

## **UK visas and migration**

There are a range of visa options for investors and businesses looking to expand to the UK.

## **Hire skilled workers for your UK operations**

The UK has a world-class pool of talent and business-friendly employment laws.

## **UK tax and incentives**

The UK has simple, clear laws helping make it the ninth easiest place to do business in the world, according to the World Bank.

**“DIT can help your company to take advantage of new business opportunities and branch out to new locations”**
